SECTION 8. RISKS OF TOKENS & LIMITATIONS OF LIABILITIES

8.1. You understand and acknowledge that Tokens, Blockchain-based technologies, Ethereum, and other associated and related technologies are not exclusively controlled by the Website Owner and adverse changes in market forces or the technology, broadly construed, may prevent or compromise the Website Owner's performance under these Terms and/or the Accompanying Documents. As such, the purchase of Tokens carries with it a number of risks. Prior to purchasing Tokens, You should carefully consider the risks listed herein and, to the extent necessary, consult an appropriate lawyer, accountant, or tax professional. If any of the risks associated with purchasing and holding Tokens are unacceptable to You, You should not purchase Tokens.

8.2. It is possible that due to a number of reasons outside of the Website Owner's control, including but not limited to, changes in regulatory or intellectual property law, technological advancements, decreases in token or Cryptocurrency utility, social or economic reforms, the failure of commercial relationships, or the malfunction, breakdown or abandonment of the Ethereum Protocol, , Blockchain-based technology, Bitcoin, Ethereum and other related technologies may dissolve, disappear, be abandoned or otherwise no longer operate, or operate with material impairments.

8.3. The market value of Cryptocurrencies (and, therefore, the market value of the Tokens) may go up or down, and the market value of Cryptocurrencies has demonstrated extreme volatility. Any cryptographic tokens may not have market value. You should expect fluctuations, both down and up, in the market value of Tokens that you purchase, if any, and such fluctuations may be extremely volatile, including price crashes that may occur in the event of political or economic crises that cause a large-scale sell-off of Tokens. In addition, there may not be a market for resale of the Tokens or exchanging Tokens for fiat currencies, and the Website Owner cannot and does not guarantee market liquidity for Tokens or the ability to exchange Tokens for fiat currencies by purchasers of Tokens.

8.4. The regulatory landscape with respect to Cryptocurrencies and cryptographic tokens, including Tokens, is evolving. There may be uncertainty in the regulatory treatment of Tokens and the Tokens Sale in jurisdictions where the Tokens Sale is conducted.

8.5. There may be restrictions on the sale and purchase of Cryptocurrencies in certain jurisdictions, including outright prohibition or a requirement that the sale or purchase must take place on a regulated exchange or trading venue. These restrictions may become more prohibitive over time. There is, therefore, a risk that purchasers of the Tokens cannot access a regulated exchange or trading venue in their jurisdiction, or any other jurisdiction, and may, therefore, find it difficult to sell the Token. There are additional risks presented by any potential token exchange service provider, if any, which might be subject to poorly-understood regulatory oversight.

8.6. Unlike certain accounts with financial institutions, Tokens are not insured by any governmental or regulatory entity (such as the Federal Deposit Insurance Corporation). In the event of loss, or the loss of utility value, You may not have recourse (and shall never have recourse against the Website Owner in accordance with these Terms) unless You obtain private insurance for Your Tokens.

8.7. It is Your obligation to determine the tax characterization of Tokens. You may experience adverse enforcement or other consequences in connection with purchasing the Tokens.

Any expectations regarding the form and functionality of the held by You may not be met upon release of the , for a number of reasons including a change in the design and implementation plans and execution of the implementation of the . Further, due to market value fluctuations of the Cryptocurrency used to purchase , Website Owner may be unable, despite its good faith efforts, to adequately finance the creation, deployment, maintenance and/or operation of , which may adversely impact the value and utility of Tokens.

8.11. Due to the risks associated with the Cryptocurrency and digital tokens market (including those described in this Section), it is possible that an official completed and operational version of the may not be released. Further, despite Website Owner's good faith efforts to develop and maintain (if deployed), it is possible that will experience malfunctions or otherwise fail to be adequately developed or maintained, which may individually or collectively negatively impact and the value of Tokens.

8.12. Such events may impact the continued development, deployment or operation of and/or the value of Tokens.

8.13. There are risks associated with using Tokens, including, but not limited to, the

failure of hardware, software and Internet connections. The Website Owner is not responsible for the proper and/or complete transmission of the information contained in any electronic communication or of the electronic communication itself, nor for any disruption, distortion or delay in its delivery or receipt, however so caused.

8.14. Security measures have been implemented to ensure the safety and integrity of any of the services related to the Tokens Sale. However, despite this, You acknowledge that information that is transmitted over the internet or Blockchain may be susceptible to unlawful access and monitoring.

8.15. You acknowledge that there may be risks associated with the Tokens and/or not being regulated in the jurisdictions in which the Tokens may be purchased, including the risks of retroactive regulatory applicability. The Team is closely following changes to legislation in the most relevant jurisdictions in the world and undertakes to act accordingly, if changes impact operations of Tokens. None of the Website Owner, the Team or any of their respective Affiliates are a financial institution or currently under supervision of any financial supervisory authority. The Website Owner does not provide any licensed financial services, such as investment services, fund management or investment advice. The Tokens Sale is not a public offering of equity or debt and consequently does not fall under the securities or any prospectus or similar disclosure regulations in the jurisdictions in which the Tokens may be purchased.

8.16. It is possible that even if the Token launch threshold is met, the funds will be insufficient (particularly given the volatility of Cryptocurrency value) to feasibly develop , possibly causing the effect that You may not be able to participate in any intended or implied projects. By holding Token, You acknowledge that You understand that while every effort will be made to develop and launch the , it is possible that it will never be realized due to the aforementioned reasons.

8.17. There may be additional risks that cannot be anticipated or foreseen due to the incipience of cryptographic token technology, Blockchain-based technology, Bitcoin, Ethereum and related technologies.

SECTION 10. APPLICABLE LAW AND DISPUTE RESOLUTION

10.1. All questions concerning the construction, validity, enforcement and interpretation of this Agreement shall be governed by and construed and enforced in accordance with the laws of the United Kingdom (Applicable Law).

10.2.
